Dear Families,

re: Parent Behaviour

As you are aware, we value the support of our families and the wider community at Shacklewell Primary School. The transparency and honesty of our community supports us to further improve and strengthen the education we offer to our children. We are incredibly proud to have such helpful and dedicated families attending our school.

With this in mind, I wanted to reach out to you with a reminder. In the instance of any behaviour issues between our children, I would like to remind you that it is vital that these are reported to a member of staff. It is the responsibility of our staff to deal with incidents which take place here at school. Under no circumstances should parents or carers of our children be approaching other pupils about incidents which have taken place at school.

The safety of our pupils is of paramount importance and any interaction between an adult and a pupil could be understood as a threat to this. Any incident where an adult approaches a child who is not their own, will be taken very seriously. This could lead to them receiving a formal warning or a ban from the school premises.

In the meantime, if you have any questions about this please do let me know.

Kind regards,

Rory McGrath
Headteacher
