

Year 6 Geography Homework Project

It's time to get creative, Year 6! We would like you to use the materials you have at home to make one of the following:

1. A model or map of the world which highlights areas at risk of extreme weather events.

2. Inspired by COP27, create a political manifesto outlining how you would tackle climate change if you were a world leader.

3. A poster to combat the dangers of climate change.

Please hand in your projects by **Friday 2nd February**. We can't wait to see them!
