

Year 3 Geography Homework Project

It's time to get creative, Year 3! We would like you to use the materials you have at home to make one of the following:

1. A model of the world, labelling the continents and oceans.

2. A compass with 8 points

3. A model of a country near the equator or near the polar regions.

Please hand in your projects by Friday 15th October. We can't wait to see them!

There will be **a prize** for the best homemade project we receive.
