

# Year 3 Geography Homework Project

It's time to get creative, Year 3! We would like you to use the materials you have at home to make one of the following:

1. A model of the world, labelling the lines of latitude.

2. A map of Europe.

3. A model of a country near the equator or near the polar regions.

Please hand in your projects by **Monday 17th October**. We can't wait to see them!
