

English

In English we will be:

- reading books at our level to develop fluency and comprehension
- writing a story and an instruction text inspired by **Varjak Paw** written by SF Said
- using adverbs, conjunctions and preposition to express time and cause
- using and punctuating direct speech

Maths

We will be:

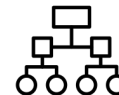

- converting units of measure
- using strategies to investigate problems: trial and improvement and working systematically
- classifying, comparing and ordering angles
- comparing and classifying 2D shapes
- identifying lines of symmetry

Science

We will be learning to:

- recognise that living things can be grouped in a variety of ways
- use classification keys to explore, identify and name a variety of living things in their local and wider environment
- recognise that environments can change and this can sometimes pose dangers to living things

Geography

We will be:

- identifying North and South America on a map
- identifying and contrasting the physical features of two countries
- exploring economic activity on both continents
- exploring climate in different regions of North and South America

Curriculum Information

new wave
federation

Year 4 - Summer 1

Computing

We will be developing our understanding that digital images can be changed through editing, and they can be re-saved in their new form and reused.

We will edit our own photographs and assess the impact that editing images can have.

We will consider how we need to be critical consumers of digital content instead of believing everything that we see online.

PE

4S has their PE lessons on Monday and Thursday. 4W has theirs on Wednesday and Thursday. Please ensure the children wear a PE kit on those days.

The focus of the sessions will be athletics and basketball. The children will develop their skills from Year 3 to make more controlled movements.

PSHE and RE

This term our focus will be on **the journey of life** and **relationships**.

We will be learning to:

- suggest why some people see life as a journey and identify key milestones on this journey
- know how to show love and appreciation to those who are special to us

Art and Design

In our unit, **Festival Feasts**, we will be learning to:

- express how artwork makes us feel
- develop our observational drawing skills
- use line, shape and texture in our drawings
- create a sculpture inspired by food
- help create a communal piece of art
