84%

Shacklewell has high expectations for my child.

85%

Shacklewell supports my child's wider personal development.

73%

Families say that they know what their child does whilst at school.

90%

Think that the school ensures high expectations for behaviour.

95%

Families would recommend Shacklewell to another parent.

## Next Steps

The feedback suggests that families do not know enough about what goes on at Shacklewell everyday. We have shared a questionnaire to elicit families' communication preferences so we can share updates in a more user friendly manner.

We have a very strong personal development approach at Shacklewell but not all families are aware of this. In the summer term there will be more communication about non curriculum aspects of our school and more opportunities for families to come in and see it in action.
