

Year 6 Curriculum Leaflet

Spring 2

Light

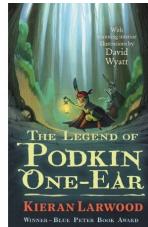

Reading

We will be learning:

- to build our inferencing skills
- how to most effectively evidence our ideas
- the impact that different language and structural choices have on readers

We will be reading:

Writing

We will be learning:

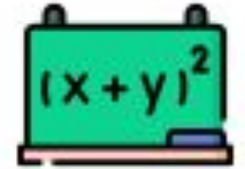

- to develop our planning skills
- to refine our editing skills
- to think about how to write cohesively and how to link ideas across a whole text
- to consider how different organisational devices may be useful

Maths

We will be learning:

- algebra and using formulas
- to find the area and perimeter of different shapes
- to use and convert between different units of measurement

PSHE

We will be learning:

- how to develop and maintain positive relationships
- how to recognise and respond to negative relationships
- how to recognise and manage emotions within relationships
- to respect equality and diversity in relationships

Physical Education

PE will be taught by the coaches every Friday. Additionally P.E will be taught every Thursday. Please ensure P.E kit is worn to school on a **Thursday and Friday**.

Computing

We will be learning:

- to evaluate information sources
- to effectively select computer programmes for different purposes
- to be safe online and understand the importance of online safety

Home Learning

You can help me at home by:

- supporting me with my daily reading and weekly spellings
- helping me to build my times tables fluency
- supporting me when I am completing my Maker Mat activities
